Before the assignments...before the tests...before the diploma...comes the foundation of learning: engagement. Like you, our passion is to engage the minds of your students and challenge them to think critically. Cengage Learning uniquely combines people, products, and personalized services to help you prepare students for success – in the classroom and in life.

LEARNING SOLUTIONS: Beyond Memorization. Understanding.
Offer your students learning resources focused on engagement, taking students through the levels of application, analysis, and critical thinking with depth and context.

MindTap from Cengage Learning represents a new approach to a highly personalized, online learning platform. A fully online learning solution, MindTap combines all of a user’s learning tools—readings, multimedia, activities and assessments—into a singular Learning Path that guides the user through the curriculum. Educators personalize the experience by customizing the presentation of these learning tools to their students; even seamlessly introducing their own content into the Learning Path via “apps” that integrate into the MindTap platform. MindTap can also be deeply integrated into an institution’s Learning Management System (LMS) through a service called MindLinks.

A student-friendly website that provides one-stop access to the most current information about nutrition for classroom discussion and research projects.

Cengage Learning's CourseMate brings course concepts to life with interactive learning, study, and exam preparation tools that support the printed textbook.

Diet & Wellness PLUS
Making the practical applications of Nutrition course work relevant in their own lives, Diet & Wellness Plus allows students to track their diet and physical activity and analyze the nutritional value of the food they eat both to reach personal health goals and gain a better understanding of how nutrition impacts their lives.

Visit www.cengage.com/nutrition/cg and search by ISBN to request complimentary online review copies and find information on online solutions, supplements, bundles, and alternative formats. Or contact your Learning Consultant/Sales Representative at 1-800-423-0563.
